Enot and Chase were both away, but
Chick Stanley proved to be the master of the Taftville boys, striking out
nine men and allowing but five hits,
while the Riverview club boys found
Klourey for 13 bingles. Finney showed
up well on the receiving end.

Next Sainrday the Skat company of
Hartford will again play the Riverview club team and as the last game
was close they are coming down with
something up their sleeve and try to
down the "home lays." A good game
is assured.

young man keenly interested and the events go down in athletics history in Connecticut as the most successful ever held within its borders.

The pick of the track and field talent in Connecticut was there, and the good work of the boys brought forth a word of praise from Frederick W. Rubien, the president of the Metropolitan association and the secretary-treasurer of the A. A. U. of the United States.

treasurer of the A. A. U. of the United States.

"The boys are a likely looking set of athletes," he said, "and I congratulate the New Haven A. A. on the success of the meet. It is rather surprising that this big grandstand is not filled to its capacity, for there was never a better collection of track and field stars gathered in the state than those competing in these championships. The interest, I can see, is keen among the men of the several associations represented and I feel sure that the public will take a wider interest in another year."

Some fine records were made and several Connectiont A. A. U. championship records were broken in the 220-yard dash Jimmy Roche broke his own record of 22 1-5 seconds. Roche was seldom in better form and mastly beat the field. Roche was entered in the half mile, but he did not "fans" of that city.

SATURDAY'S MARKET Railroad Situation Subordinated All Other Considerations

New York, Aug. 19.—Wall street's keen interest in the railroad labor situation subordinated all other considerations and developments during today's two hour session. Frading was light and exceedingly narrow, some of the active issues remaining unquoted. Ralls were slightly reactionary, as was to be expected under the attendant circumstances and United States Steel rose and fell within fractional limits. Marines lost more of yesterday's early advance, the preferred denoting constant pressure on its extreme decarly advance, the preferred denoting constant pressure on its extreme decline of two points. United Fruit also yielded a part of its spectacular gain, but the hackwardness of Marines and Fruit was more than offset by a new high record for Atlantic, Guif and West Indies at 72 1-8, and an extreme gai nof five points for Pacific Mail, the rise being coincident with that company's resumption of transpacific service.

service,
Rails and investment stocks were at lowest prices just before the close, when the financial district received word that the Washington conference had as yet been without definite results. Irregular gains were registered by fertilizer shares, Pullman, Sears Roebuck, Mackay companies, Mexican Petroleum and tobaccos, but these were devoid of significance. Total sales amounted to 215,000 shares.

Giants Couldn't Find Steele.

St. Louis, Mo., Aug. 20.—New York could not hit Steele with men on bases today, while St. Louis hit Benton hard and opportunely and shut New York out, 5 to 0. Beizel was the batting star of the day, hitting a triple and also two doubles in four times up. He scored the locals first run in the fifth when he doubled and scored on Snyder's single. With the bases full in the sixth he tripled and St. Louis counted three runs. The score:

"Are we not, by your own admission, making eternal fools of ourselves as American citizens and national beings to fat up the puglistic coffers in the way that we do?"
In general answer to my educational friends, I can only say that whether Mr. Willard's or any other boxer's services to the world at large are worth what is paid for them is practically outside the question.

There are in the United States of America 190,000,000 people, and out of that great number there are between 300,000 and 1,000,000 who tween 500,000 and 1,000,000 who either like the sport or read about it in the public prints. Also there are from 50,000 to 100,000 who are ring followers and will attend battles of the championship caliber if the opportunity presents itself, and are firm believers in being present at the ringside when a big event is staged. These followers if the opportunity is given them are eager to pay grand opera prices for a comparatively brief spectacle, and to that end many of them are willing to forego the minister received \$31.33 for preaching seven Sundays.
